events happen

PARIS EXPO
PORTE DE VERSAILLES

WELCOME TO A SPACE WHERE **THE ONLY LIMIT IS YOUR IMAGINATION**

Designed by the most renowned French architects, the **Paris Convention Centre** can **accommodate the very largest national and international events**. The Centre is fully modular and its many amenities – including exhibition halls, meeting and conference rooms, permanent and mobile food stands, an event space, green roof and vast car park – means that it can be adapted to every imaginable situation.

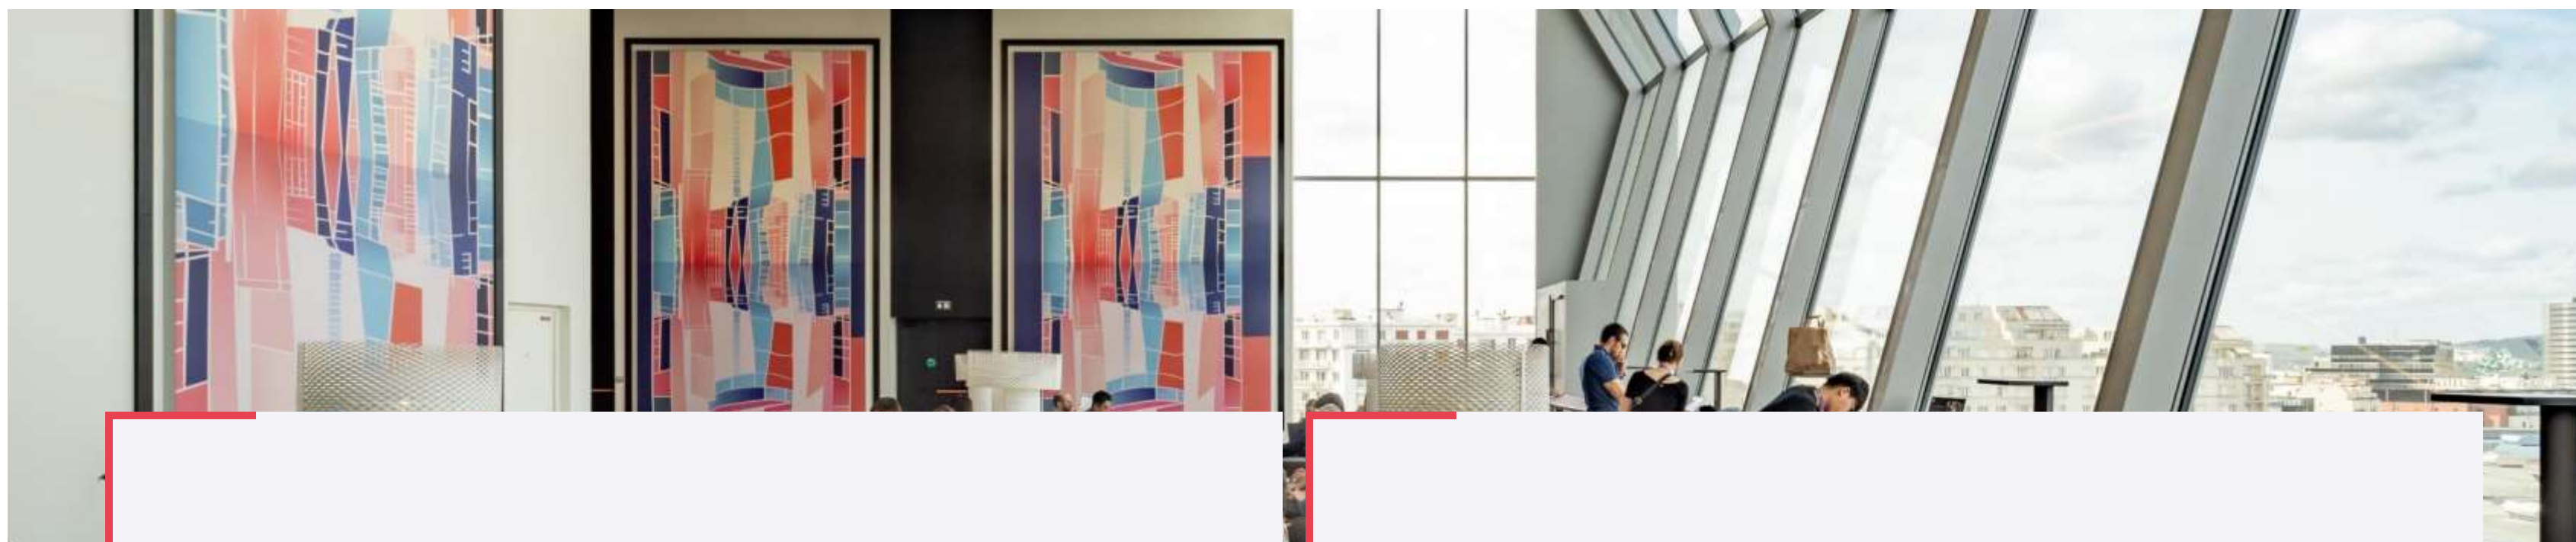

The airy and light-filled interior offers a breathtaking view of Paris.

The plenary hall is the largest in Europe, and its glass roof means that conferences can be held in **natural light**. For your guests' comfort, however, the space can also be darkened in seconds thanks to a system of blinds.

The Paris Convention Centre:

CONTEMPORARY, SUSTAINABLE ARCHITECTURE AT ITS BEST

- The renovation of **Paris Expo Porte de Versailles** is resolutely contemporary in its focus – a minimalist approach where quality materials are given an elegant, **streamlined look**.
- The architectural firm of **Valode et Pistre**, who have been tasked with modernising **Pavilion 7**, have foregrounded the concept of movement: undulating glass surfaces create vast openings and provide a magnificent view of Paris.

- This exceptional setting serves as a backdrop for quality events and caters to the well-being of visitors.
- Viparis was the first events management firm to have earned ISO 20121 certification (the highest international accreditation for sustainable events management) for a large-scale site. Our Corporate Social Responsibility commitments are very much in evidence at the Paris Convention Centre, which is BREEAM and HQE (High Quality Environmental) certified.

Conferences and exhibitions:

EVERY EVENT IS UNIQUE

FOCUS

The pavilion’s various levels interconnect and can easily **simultaneously host** a conference and an exhibition.

A fully modular space, the Paris Convention Centre is a place where anything is possible. Thanks to the Centre’s cutting-edge soundproof partitions, every space can **be kept completely separate** from adjoining areas.

A place where your dreams become **REALITY**
