An ultra-functional venue

- On the edge of Paris
- Transformation of northern Paris
- A unique visitor experience
- A sustainable venue

On the edge of Paris

10 min

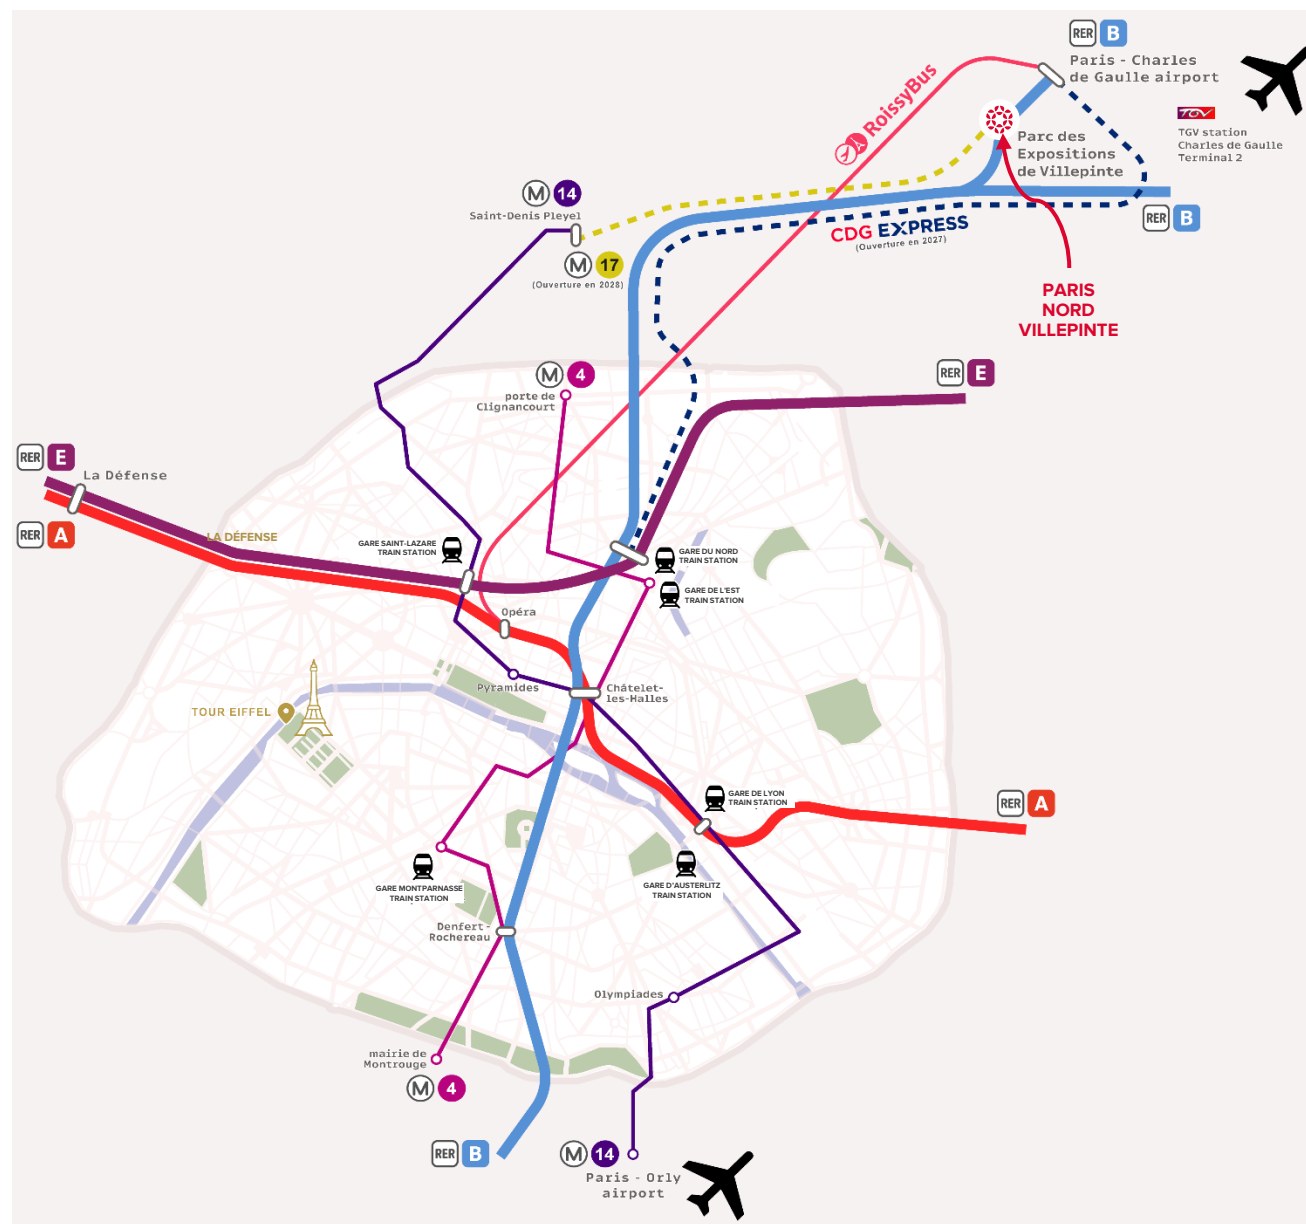

from Paris-
Charles De Gaulle airport

30 min

from Paris Gare
du Nord

- **A venue with direct access to Paris-Charles de Gaulle airport.** And to several major railway stations in Paris, most notably Gare du Nord and its Eurostar service, offering connections with leading European cities.
- **The RER station access is in the show grounds.**
- An accessible venue served by an RER line, 6 bus lines, two motorways (A1, A3), and with a taxi rank and close to 8,000 visitor car parking spaces.

Transformation of northern Paris

- The **2024 Paris Olympic and Paralympic Games** brought fresh impetus to the north of Paris, leaving the legacy of new mixed-use districts bringing a new lease of life to the whole region.
- The north of Paris has a range of places to visit including the Saint-Denis basilica, the Le Bourget air and space museum and the Stade de France.

Looking to 2028: new metro line 17 and its elevated station

- In 2028, Paris Nord Villepinte will have a new overhead station. It will blend into three developing business zones: the Paris Nord Villepinte exhibition centre, the Paris Nord 2 business district and the Aérolians Paris industrial park.
- Connecting with RER line B and many bus routes, the station will further improve local transport connections and the national and international scope of the area. On completion, it will welcome around 12,000 passengers a day, and 24,000 during exhibitions.

And the whole of Paris to (re)discover!

- **Iconic monuments** (Eiffel Tower, Arc de triomphe, Notre Dame, Sacré Cœur, etc.).
- **International museums** (Louvre, Orsay, Pompidou, Quai Branly etc.).
- **Trendy districts** (Triangle d'or, Saint Germain des Prés, Opéra, Marais, etc.).
- **Gourmet restaurants.**
- **Bars and nightclubs for memorable Parisian nights out.**
