Les Salles du Carrousel

Your Convention in the Heart of the Capital!

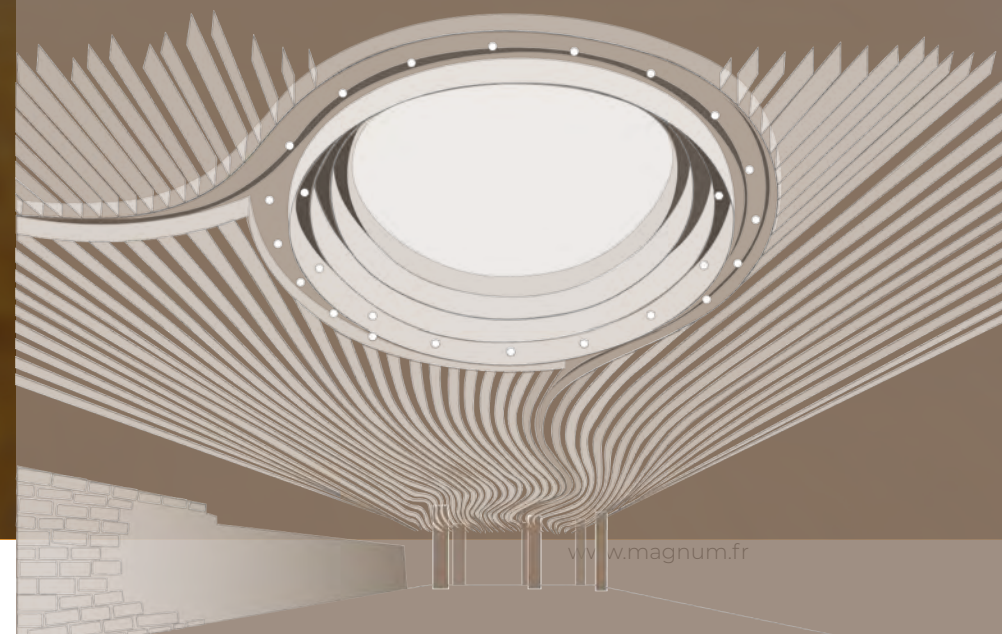

This venue, located in a cultural and historical environment, hosts your prestigious events and professional trade shows.

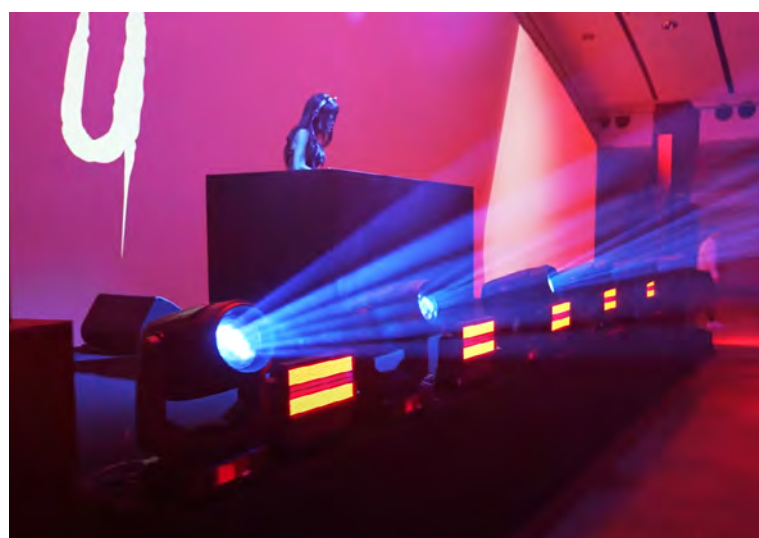

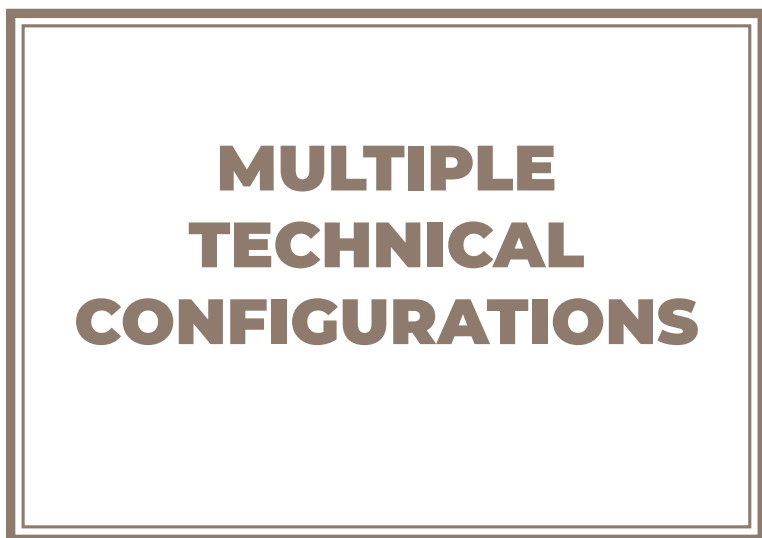

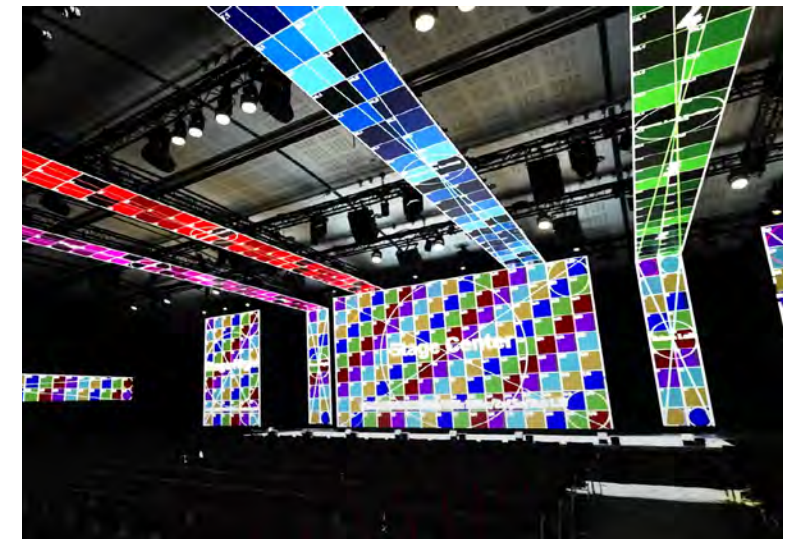

Magnum has implemented technical room kits – turnkey systems that include sound, lighting, and video – for your events. These specially designed kits will save you valuable time.

Discover how Magnum has been transforming this venue since 2012 with its technical expertise to bring all your events to life.

«Working with Magnum is the guarantee of a successful event.»

Jean-Michel Lenoir
Sales Director

SALES DU CARROUSEL

Magnum at a glance ...

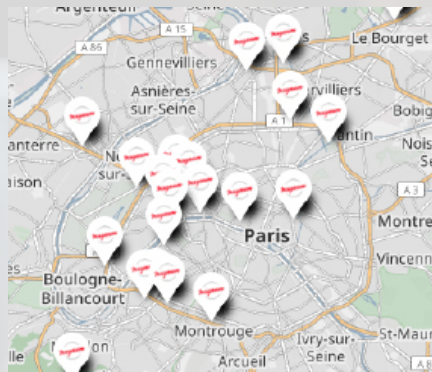

Services

We are specialists in technical services for entertainment and event management, and offer a comprehensive array of skills to enhance your events.

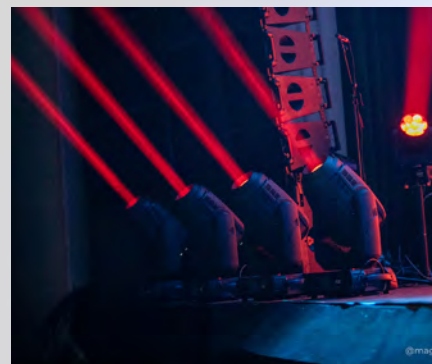

In-built technical equipment

As a specialist in technical management since 1986 and the technical partner of 30 Paris venues, Magnum provides you with technical kits specifically designed for user convenience and technical innovation.

Equipment hire

With a wide selection of more than 5,000 references, we also hire out a range of video, sound, lighting, structure, power and network equipment, or can offer you a proposal for a comprehensive technical solution.
